Nico Grobler 187 Great Eastern Highway Belmont 6104

Dear Nico,

Re: 333 William St Waterproofing

I would like to forward our appreciation and gratitude to yourself and your crewmembers, Willem and Chris for the exceptional work performed at the above address during the dates of 14-11-07 to 23/11/07.

In the 37 years since the substation was commissioned there has always been a water problem that despite numerous attempts through engineering and plumbing firms has never been able to be resolved.

The site is now 100% watertight and is dry for the first time that anyone can remember. I have no hesitation in recommending your product and work team to any other company and will certainly use your services again for other sites that we have issues with in the Perth CBD and metropolitan area

Kind regards

Cos Farinola
Network Officer
