

Cameron H. Diggon, P.Eng.

Dear Mr. Ebert

In reviewing our files I noted that we do not have an email address for you and, as a result, you did not receive the newsletter that we shared with our supporters earlier this year. I thought that you might be interested so I have enclosed a printed copy.

You might also be interested to know that two of our veteran residents have now graduated from our Calgary Village, employed and self-sufficient in the long term.

Take care and stay well.

Cameron
